BLUETOOTH CALL FUNCTION

High-definition acoustic Bluetooth calls, dual Bluetooth connection protocol, call stability and peace of mind, synchronised address book, more convenient to answer and play

ONE TOUCH RECORDING

Intelligent one-touch recording, intelligent IC noise reduction, effective filtering of ambient noise, clear highlighting of the human voice part.

INTELLIGENT VOICE ASSISTANT

Connect your phone to Bluetooth and wake up the voice assistant to play music, make calls and more.

24H HEALTH BUTLER

Intelligent AI algorithm to detect your real-time heart rate data around the clock.

RED-LED BLOOD OXYGEN

Accurate AI algorithm, always easy to grasp the body's blood oxygen status, so you know your body better.

Product Parameters

Product model: M94
Heart rate sensor: HRS3690
Waterproof rating: IP67
Resolution: 240*240

Main chip: Goodix 5515
Battery capacity: 230mAh
Screen: 1.69"HD screen
Material: Zinc alloy + Silicone
