## ESSENTIAL POWER BANK FOR GOING OUT

It meets a variety of daily charging needs, such as commuting, business trip and travel.

**5000 mAh**  
PB5202

**10000 mAh**  
PB5203

## STRONG MAGNETIC ADSORPTION

The built-in powerful N52 magnet fits closely to the phone and is not easy to fall off, and does not block the phone camera.

## WIRELESS CHARGING & WIRED CHARGING

It support 15W wireless charging and PD20W wired charging, and is suitable for most wireless charging mobile phones and low current devices on the market.

## SOLID AND DURABLE

Made of high-quality aluminum alloy material, it is solid and durable.

## LED INDICATOR LIGHT

Blue Light: Wireless Charging Status / Green Light: Wired Fast Charging Status

## THIN & LIGHT & PORTABLE

Compared with other common 5000/10000mAh power banks, it is smaller, thinner and lighter, and easy to carry around.

Product Parameters

**PB5203**

Material: Aluminium alloy

Capacity: 10000mAh/18.5Wh/battery

Input: USB-C: 5V=2.4A, 9V=2A(18W)

Output:

USB-C: 5V=2.4A, 9V=2.22A, 12V=1.67A(20W)

Wireless Output:

15W(compatible with 10W, 7.5W and 5W)

Size: 105\*65\*15mm

Weight: 190g±5g
